Jie-Huai Yang (b. 1992, Taichung) is a visual artist, filmmaker, and writer based in Taipei. He received his MFA degree from the Department of New Media Art at the Taipei National University of the Arts in 2021. His practice spans contemporary art and experimental film, focusing on image narratives that navigate the intersection of memory, archives, lived experience, and the present. In doing so, he explores the space between documentary and fiction by reconstructing everyday scenes.

His work has been exhibited at Chi-Wen Gallery, MoCA Taipei, C-LAB, and the Green Island Biennial, with film screenings at the Kaohsiung Film Festival and the Golden Harvest Short Film Festival. Honors include the 2026 Kaohsiung Award, the Jury Award in the 2024 Kaohsiung Film Festival's International Short Film Competition, and the 2023 Next Art Tainan Awards.
